

Laboratory thermometers

ECO-therm™ laboratory thermometers

Laboratory thermometers

- Introduced by our own product development team
- Supplied in individual resealable, protective tube
- Environmentally safe
- Non-toxic
- Non-hazardous
- Biodegradable
- Made in England

Brannan is leading the way in developing alternative fillings and styles to replace mercury thermometers. The **ECO-therm™** thermometers, filled with food safe oils, have been recently developed by Brannan's own product development team. The quality and resolution make these an ideal substitute for general purpose mercury thermometers. The 305mm thermometers are presently available to cover the most popular temperature ranges, although it is intended to add further ranges in future.

All thermometers are made in the UK and are fitted with a **Brannan** non-roll end cap which has a ring to allow the thermometer to be suspended. The thermometers are supplied as standard in protective individual, resealable, telescopic tubes. Packed in box of 10 thermometers.

All laboratory thermometers can be supplied with UKAS calibration certificate or statement of conformity on request.

Calibration needed?
See page 54

Range °C only	Divisions	Length	Filling colour	76mm immersion	
				Accuracy	Product no
-35 to +50°C	1.0°C	305mm	Green	+/-1.0°C @ 35°C	46/700/0
-10 to +110°C	1.0°C	305mm	Green	+/-1.0°C @ 35°C	46/703/0
-10 to +150°C	1.0°C	305mm	Green	+/-1.0°C @ 35°C	46/706/0

Range °C only	Divisions	Length	Filling colour	76mm immersion	
				Accuracy	Product no
-35 to +50°C	1.0°C	305mm	Green	+/-1.0°C @ 35°C	46/700/1
-10 to +110°C	1.0°C	305mm	Green	+/-1.0°C @ 35°C	46/703/1
-10 to +150°C	1.0°C	305mm	Green	+/-1.0°C @ 35°C	46/706/1

Measurement for life.
