

Portable Pressure Steam Sterilizer

Electric or LPG heated

Use:

The Product utilizes saturated to rapidly and efficiently sterilize articles. It can be used in hospitals, public health centers, health stations, clinics in factories and mines, scientific research intitutes, etc, to sterilze medical equipment, surgical dressing, glass utensils, solutions, substrata. It can also be used as cooker in plateau areas and be used to make hight quality drink-ing water in industrila and mining enterprises.

Characteristics:

- * Fully stainless steel structure.
- * Electric or LPG heated.
- * Woking Pressure:0.14-0.16Mpa.
- * Working temperature: 126°C.
- * Double scale indication pressure gauge.
- * Easy to operate, safe and reliable.

Technical Data

MODEL	YX-18LM	YX-24LM
Technical Data		
Sterilizing volume	18L φ280x260mm	24L φ280x390mm
Working Pressure	0.14-0.16Mpa	
Working temperature	126°C	
MAx. Safety pressure	0.165Mpa	
Power	AC220V.50Hz / 2KW	
Transport dimation	410 x 410 x 430	410 x 410 x 550
G.W / N.W	16 / 14kg	17 / 15kg
